

Eight Thousand Hours of Service

The Festival 8 Eight Thousand Hours of service program is asking all of you to give back to your community by donating 8 eights hours of your time to community service between now and the start of the festival.

It is up to you how you decide to donate your 8 hours. You could spend a Saturday volunteering at a local food bank, sign up to join in on a park or beach clean up, or even volunteer to tutor at your local school or community center. We will let you decide how you shape your 8 hours of service, but there are a few simple rules of which you should be aware:

- Eight (8) hours of service need to be completed prior to your arrival at Festival 8.
- Previous service from March 2009 to the current date can be counted towards your 8 hours of service.
- Please PRINT this form, as you will need to present it complete with signatures and all information onsite at the Festival 8 Water Wheel location.

Please present this form to the supervisor of the organization for which you are volunteering. Upon completion of your (8) eight hours of service have the supervisor fill out the form below verifying your completion of service.
